Skier's Responsibility Code

There are elements of risk that common sense and personal awareness can help reduce.

- Ski under control at all times, be able to stop or avoid skiers or objects.
- Avoid the skier below you when skiing downhill or overtaking another skier.
- Always yield to other skiers when entering a trail or starting downhill.
- All skiers must wear retentive straps or other devices to help prevent runaway skis.
- Keep off closed trails and posted areas and observe all posted signs.

This is a partial list. Be safety conscious!
